April 6, 2015

Dear Prospective Employer:

Darryl has taught a number of General Education courses at NECI with a focus on critical and creative thinking and has both strong classroom skills and online teaching skills. In addition, Darryl is co-author of our book *Real World Farm to Table*, which will be published by Chelsea Green in the near future. As part of his preparation for the book and for his own interest, he has done a lot of research in the past couple years on issues related to food systems and sustainability and has attended a number of conferences such as all three of the UVM Food Systems summits, the NOFA Vermont Winter Conferences, and events with speakers such as Michael Pollan, Vandana Shiva and Bill McKibben.

Darryl would be an excellent resource for students.
